A WEEKLY PAPER—DEVOTED TO LOCAL AND SOCIETY NEWS.

TERMS: \$1.00 In Advance.

VOL. XXIV.

FRANKFORT, KENTUCKY, SATURDAY, MARCH 2, 1901.

NO. 25

KENTUCKY'S HONORED DAUGHTER.

We clip the following from the Washington (D. C.) Post, of Sunday, February 24, which shows that our fair friend stands high in the D. A. R. Society:

Mrs. William Lindsay, wife of Senator Lindsay from Kentucky, received the largest share of electoral votes ever cast in the D. A. R. Society for any officer or regent—446. This demonstrates effectively her popularity, her efficiency as an officer, and her standing in the Congress. She is gracious, courteous, and charming, and whenever she stepped upon the platform was greeted with the most enthusiastic applause.

Mrs. William Lindsay then requested an appropriation from the congress for a gold medal to be presented to the best student in American history in the Columbia University. She read a letter from Dr. Chas. C. Swisher, professor of history, stating that gold medals had been presented for Scotch history by Andrew Carnegie and for Irish history by T. F. Walsh, and that if the National Society of the Daughters of the American Revolution were to present a medal for American history they would be conferring a most gracious honor, which would not fail to be appreciated.

When you are ill, use those famous little pills known as DeWitt's Little Early Risers to cleanse the liver and bowels. They never gripe. South & Longmire and W. McKee Hardie.

HONEYSUCKLE.

Mr. Terrell Mitchell will, in a few days, move to Woodford county, near the Old Crow Distillery.

The different tracts of land belonging to Mr. Harrison Sndduth, deceased, were sold Saturday at public sale. Mr. Geo. Hulette bought the old home place and will move there in a short time. The amount realized for the several tracts were something over \$5,100.

Born.—To Mr. Lloyd Smith and wife (nee Miss Hallie Goines), February 13th, a bouncing boy.

Lost, strayed or stolen.—From the premises of Mr. Alex Rodgers, Mr. Thurtry Cook. The same disappeared some weeks ago, wearing five shirts. Any one finding and delivering to the owner, either the shirts or wearer, will be either kindly rewarded or duly punished.

Mr. James Withmore has decided to accept a position with Mr. Scoby, in the saw-mill business, and will reside at Zilpah instead of Lexington, as before stated.

The little son of Mr. Robt. Sndduth has been very ill for several days with congestion of the lungs.

Welcome, thrice welcome, Lily of the Valley. We thought you had entirely forsaken us, or that the cold winter blasts had so chilled you that we must wait until the balmy breezes of spring had come to revive you.

Died.—At his home in this country, February 22, Mr. Rowland Roberts, of consumption. He was an honest, clever old gentleman, and leaves a wife and seven children to mourn his loss. The remains were laid to rest at Indian Fork on Sunday. May the Lord in his infinite mercy comfort his bereaved ones.

So Miss Clarie has several strings to her bow, and some of them have buggies also, as it seems that way, judging from certain young gents who passed up Bark Branch en route to Mt. Zion the other Sunday.

All kinds of notions and fancy goods, a full line of groceries, constantly on hand at the store of our hustling business man, Mr. Charles Marshall.

MOLLIE YOCUM.

SWITZER.

The spring term of school began last Monday with Miss Mandie Head as teacher.

Dr. W. B. Dawson and family have begun housekeeping again in the residence of the late Dr. R. C. Gayle. He expects to rebuild in the early spring.

The following pupils were granted diplomas by State Superintendent H. V. McChesney, as graduates of the common school course: Irene Dawson, Fannie Jones, Fyvor Hockensmith, James Stiglers, Rodman Wiley, Grover Jones. The lowest general average of any pupil was 92 per cent.

Mr. J. W. Scott has fitted up the second story of his store-house, where he keeps on hand a line of buggies. You would do well to examine his stock before purchasing elsewhere.

Mrs. Resor Jones, George Darnaby and E. R. Jones were sum- mired to Lexington last week to attend the funeral of their sister, Mrs. Lucy E. Harp.

Messrs Head & Switzer are dealing extensively in leaf tobacco. Their purchases to date amount to near a quarter of a million pounds.

SWITZERITE.

See that you get the original DeWitt's Witch Hazel Salve when you ask for it. The genuine is a certain cure for piles, sores and skin diseases. South & Longmire and W. McKee Hardie.

Dr. Sleet was called to see Mr. Gaines' grandchild Monday evening.

GUESS WHO.

WORLD-WIDE MISSIONS.

To-morrow morning, March 8th, all the Christian Churches in Kentucky and the United States make their annual offering to world-wide missions. And all signs indicate an offering of unprecedented liberality. The Foreign Christian Missionary Society, through which they operate, has been in existence just twenty-five years. The growth of its receipts from \$1,700 the first year to over \$180,000 last year indicates a rapid rate of progress. This year it confidently expects to pass the \$200,000 mark. It has expended in all from the first \$1,472,008.85. It has missionaries in Scandinavia, Turkey, China, Japan, Africa and Cuba. They number in all 257. Seventy-nine churches have been organized, with a membership of 0,000. The children in its Sunday-schools number 6,371.

It has medical missionaries which treat 50,000 patients yearly. It has a number of orphanages, hospitals and dispensaries. The Christian Church of this city sup-

ports its own missionary, Dr. W. E. Macklin, of Nankin, China, who has been sixteen years in the field and is doing a wonderful work.

TWICE PROVEN.

From the *Vindicator*, Rutherfordton, N. C.

The editor of the *Vindicator* has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder, from which he suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. For sale by J. W. Gayle.

IMPROVEMENT.

Mr. Walter G. Chapman broke ground, on Wednesday, for his new home on Wapping street, on the lot purchased from Mr. Sam D. Johnson. It will be a handsome improvement. Mr. Will Graham has the contract.

A GOOD COUGH MEDICINE FOR CHILDREN.

"I have no hesitancy in recommending Chamberlain's Cough Remedy," says F. P. Moran, a well known and popular baker, of Petersburg, Va. "We have given it to our children when troubled with bad coughs, also whooping cough, and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children as it contained no opium or other harmful drug." Sold by J. W. Gayle.

A NEW STORY BY GELETT BURGESS.

Gelett Burgess has chosen a unique plot for his new story, "A Man's Part," to appear in the Ladies Home Journal. It has the merit of absolute originality, and is so absorbing as to demand a close reading. It has to do with a sweetheart, a conflagration, a telephone, a sulky and repeatant suitor.

STRIKES A RICH FIND.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by J. W. Gayle.

CLARA MORRIS'S "LITTLE ACROBAT GIRL."

Clara Morris, the famous actress, has developed into a story writer whose cleverness is conceded by every magazine editor. Consequently there is a place in readiness for everything that comes from her pen. She has just finished a story, called "The Little Acrobat Girl." It is a pathetic romance of the stage, and will be given early publication in the Ladies' Home Journal.

REFUSED THOUSANDS OF DOLLARS.

The people who read newspapers and magazines have, as a rule, a belief that publishers have no conscience about loading up their periodicals with advertisements at the cost of the reading matter. Yet occasionally some proof comes to the surface that publishers have some scruples in this respect. The Ladies' Home Journal, for example, will accept just so many columns of advertisements, and no more. This proportion, for instance, is seventy columns of advertisements as against 122 columns of reading matter in each issue of 48 pages. When the advertising space is full, all business is declined. The skeptical may ask, "But is there any business left to decline?" There is, decidedly. For nearly every issue during 1900 there were from four to twenty-six more columns of desirable advertising received than could be accepted, and as each column in the Journal costs \$1,000 the publishers turned away thousands of dollars, which, simply because of principle, they would not accept. So the interests of the public are sometimes regarded where they are not popularly supposed to be.

I congratulate the manufacturers of an honest medicine." For sale by J. W. Gayle.

WILL ASK FOR A HUNDRED THOUSAND.

The great State of Missouri has taken an initial step toward collecting and presenting a fine exhibit of its resources and industries at the Pan-American Exposition. In view of the fact that a World's Fair to commemorate the Louisiana Purchase, will be held in St. Louis in 1903, much would naturally be expected of Missouri at the Pan-American Exposition.

position. To that end Gov. Stephens has appointed as a Board of Commissioners to the Exposition at Buffalo a list of thoroughly representative citizens of that State. The president of the Board is the Hon. Alexander G. Cochran, General Solicitor of the Missouri Pacific Railway System. The vice-president is Chas. W. Green, editor of the Brookfield Argus, who was secretary of the Missouri Commission to the World's Fair at Chicago. The treasurer is a well known financier of St. Louis, Wm. H. Thompson, president of the National Bank of Commerce. A well known newspaper man, Mr. Robert N. Yost, of St. Louis, has been chosen secretary. The commission includes, besides the representative citizens already mentioned, the following: Bernard Corrigan, the Kansas City capitalist; A. J. Eingright, a prominent attorney of St. Joseph; Cornelius Roach, editor of the Carthage Democrat and secretary of the State Senate; E. M. Harbor, a well known attorney of Newton; James T. Blair, of Maysville, member of the Legislature; Victor O. Coltrane, of Springfield, speaker pro tem of the Missouri House of Representatives; W. H. Griffis, editor of the Sedalia Sentinel.

The vice-presidents of the Pan-American Exposition are the Hon. David R. Francis, of St. Louis, and J. J. Swofford, of Kansas City.

Members of the Woman's Board of Managers for Missouri are Mrs. A. M. Dockery, of Gallatin, wife of the Governor-elect, and Mrs. J. H. Cuten, of Jefferson City.

The members of the commission and the vice-presidents and members of the board of Women Managers realize that the ability of St. Louis and the State of Missouri to accomplish what has been projected for 1903, in commemoration of that great historical event, the Louisiana Purchase, will be gauged to some extent by the foreign Governments, and the people who attend the Pan-American Exposition by what is done by Missouri at that Exposition. Indeed this will be the first opportunity Missouri has had to show the far western States what its resources and industries are.

The editor of the Brookfield Argus, Mr. Chas. W. Green, vice-president of the Commission, is especially active in promoting the work of gathering a representative exhibit for Missouri.

The Pan-American Board contains in its own membership some extensive fruit growers from the Ozark region, and they have been engaged during the past Autumn in putting up apples in large

bins for the world to see.

FRANKFORT, MARCH 2, 1901.

ANOTHER OLD CITIZEN GONE

At 10 o'clock, on Wednesday last, Mr. Henderson G. Banta passed to the great beyond, aged 82 years last Christmas eve.

Mr. Banta was born in Henry county, and went from there to Madison, Ind., to attend college and from thence to Shelbyville, Ky. From Shelbyville he came to this city in 1837, and had lived all the rest of his long and useful life as a citizen of our community.

He was an industrious and painstaking man, and was never satisfied with any half-way work. He was a painter and paper hanger by profession.

His was one of the sunniest and happiest dispositions we ever knew. He always maintained his cheerfulness, even in the hours of deepest gloom and anxiety.

He was a man of decided opinions, and outspoken and courageous in advocacy of them.

He was a member of the First Presbyterian Church, and the funeral services were conducted by his pastor, Rev. Dr. J. McClosky Blayney, from that Church on Thursday afternoon at 3 o'clock.

He leaves two daughters (Mrs. John B. Dryden, Sr., and Mrs. J. B. Marshall) and three sons (Messrs. John M., H. S. and E. L.), and a large number of relatives and friends to mourn the departure of this loving and kind-hearted gentleman.

DON'T FAIL TO HEAR HIM.

Rev. T. T. Martin, D. D., of Denver, Colorado, will commence a protracted meeting at the First

Baptist Church to-morrow (Sunday) morning at 11 o'clock.

Dr. Martin is a plain, earnest Christian man, and is striving to win men away from sin, sorrow, suffering and death, to walk in the ways of wisdom, joy, safety and peace by believing in and serving the Lord Jesus Christ.

Everybody is cordially invited to attend these services. The big church will seat a big crowd, and all will be made comfortable. Come and see.

LINGERING LA GRIPPE COUGH.

G. Vucher, 157 Osgood St., Chicago, says: "My wife had a very severe case of the la grippe, and it left her with a very bad cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50c. bottle cured her cough entirely." Price 25c. and 50c.

KENTUCKY TO THE FORE.

The civil affairs of our country have been largely molded by Kentuckians. We learn that more than eighty Kentuckians have

been ambassadors, foreign ministers and consuls; twenty-two have

held high command in the United

States Army and Navy; fifty-five

were generals in the Civil War;

thirty have been heads of depart-

ments and officers of the United

States Government; seven have

been Judges of the United States

Supreme Court; fifty have been

governors and lieutenant-governors of

other States and territories; more

than eighty have represented

other States in Congress, while

twenty-two have been presidents

of colleges and universities in

other States, and six have been

President of the Senate and Vice-

President of the United States.

The two great heads of the re-

spective governments during the

Civil War, Abraham Lincoln and

Jefferson Davis, were natives of

TO REBUILD AT ONCE.

FIRE MONDAY MORNING.

At 7:55, on Monday morning, an alarm from box 14 called the firemen to the residence of Mr. David Nicol, on Third street, South Side, where there was a blaze on the eastern end of the roof. It did not take the boys long to extinguish the flames, but not until about \$100 damage had been inflicted by the fire and as much more by water. The loss was covered by insurance.

Their promptness and their pleasant effects make DeWitt's Little Early Risers most popular pills wherever they are known. They are simply perfect for liver and bowel troubles. South & Longmoor and W. McKee Hardie.

It's Easy To Take

Thin, pale, anæmic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anæmia.

SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way.

We have known persons to gain a pound a day while taking it.

DEATH ENDS SUFFERING.

Mr. W. Bradford Reed, who was shot by Mr. John W. Cox, Jr., on Tuesday night, of last week, lingered in great suffering until 1 o'clock Sunday morning, when death ended the struggle. He was a quiet, industrious and popular young man. He leaves a dependent mother and one sister (who is in Colorado for her health) and a large number of relatives to mourn his untimely end. He was only about 28 years of age.

His remains were taken to Eminent on Tuesday for interment.

Porf. Ivison, of Lomacina, Md., suffered terribly from neuralgia of the stomach and indigestion for thirteen years and after the doctors failed to cure him they fed him on morphine. A friend advised the use of Kodol Dyspepsia Cure, and after taking a few bottles of it he says, "It has cured me entirely. I can't say too much for Kodol Dyspepsia Cure." It digests what you eat. South & Longmoor and W. McKee Hardie.

Does it Pay to Buy Cheap.

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of colds and lung troubles. What shall you do? Go to a warmer climate or regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles. "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germs disease, but cures all colds and causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. AN EXPOSITION BOOKLET.

Here comes another of the beautiful booklets from the Bureau of Publicity, of the Pan-American Exposition, Buffalo, N. Y. It consists of 16 pages and a cover of light green. The unique feature of it is the miniature reproduction of the famous poster, "The Spirit of Niagara," which has had a most remarkable demand. The envelope in which the poster booklet is mailed also bears a reproduction of this artistic work. The booklet is a popular picture book, the first page having an engraving of the magnificent Electric Tower, which is 891 feet high, and which will form the glorious center-piece of the great Exposition. On the same page is a miniature of one of the torchbearers which will adorn the wings of the Electric Tower, and besides it a picture of Niagara Falls. The second page shows a picture of the Electric Building and five other small illustrations of the uses of electricity. The third page shows the splendid group of buildings erected by the National Government and which will contain the Government exhibits, also five miniature illustrations, one of them showing the life-saving station, where exhibitions will be given daily by a picked crew of ten men, during the Exposition. The fourth page is devoted to the wonderful displays of government ordnance. The fifth to the Machinery and Transportation Building, and four other illustrations of modern machines and vehicles. The center of the booklet shows a birdseye view of the Exposition, and gives one some idea of the great extent of the enterprise upon which about \$10,000,000 is being expended. The grounds contain 350 acres, being a half mile wide, and a mile and a quarter long. Other pages show horticulture, graphic arts and mines, manufactures and liberal arts, the Music Temple, the Plaza and beautiful surroundings, the Stadium or

athletic field, the agricultural, live stock and ethnology features, and a few of the 80 or 40 ingenious and novel exhibits which promise to make the Midway the most wonderful that has ever been prepared for Exposition visitors. The last page shows a ground plan of the Exposition, wherein the location of different buildings is indicated. The railroads will make low rates from all parts of the country during the Exposition, which opens May 1, and continues six months, and the people of Buffalo are preparing to entertain comfortably the millions who will attend. Any one desiring a copy of this booklet may have it free by addressing the Pan-American Bureau of Publicity.

It is not so much what the newspapers say, as what neighbor says to neighbor, or friend to friend, that has brought Chamberlain's Colic, Cholera and Diarrhoea Remedy into such general use. It is as natural for people to express their gratitude after using this remedy as it is for water to flow down hill. It is the one remedy that can always be depended upon, whether a baby is sick with cholera infantum or a man with cholera morbus. It is pleasant, safe and reliable. Have you a bottle of it in your home? For sale by J. W. Gayle.

LETTER FROM WASHINGTON.

I arrived in Washington, D. C., on the 20th day of June, 1900, and visited all the different parts of the city, and found it to be one of the most beautiful cities that I ever saw or read of. I first visited the Congressional Library, which is also for public use. This is one of the newest and most beautiful buildings in Washington, having just been finished about two years ago.

I next visited the Capitol and White House, and from there to the Washington Monument, which is 555 feet high, at the top of which are several windows from which a view of the entire city can be seen. There is an elevator to carry visitors up and down in the monument, and it takes a space of one hour to ascend or descend. I went upon the elevator and walked down. Inside the monument there are plates or slabs with inscriptions from every State in the Union. Also from large societies and lodges telling the date of the time when it was placed in the monument and other suitable words. My home, while in Washington, was at 407 G street, Northwest, directly across from the Pension Building, where the inaugural ball will be held on the 4th of March in honor of President McKinley.

One of the most beautiful features of this city is the great number of parks. Every available space, even in the business section of the city, is taken up by a park, and is open to every class of citizens for rest and shade. For summer outing we also have several very pretty summer resorts, which can be reached by means of electric cars, and are located from ten to twelve miles out of the city. Some of the prettiest are Cabin John, where the largest single stone span bridge is located; Glen Echo, who are an underground theatre is located, all lighted up at night time with all colors of electric lights, and Chevy Case Lake, with its beautifully lighted woods and artificial lake, music and dancing, and most every other pleasure that can be mentioned. Another pretty place is Marshall Hall, a park about fourteen miles down the Potomac river, and the site of one of the most historical homes in the United States, that of John Marshall, Chief Justice of the United States for so many years.

Just a short distance from this place is located Mount Vernon, the home of George Washington, and also the place of his death and burial.

Other interesting features of Washington are a spot in the Union Station marked by a star, supposed to be the spot on which President Garfield fell when assassinated; the house in which President Lincoln died and the theatre in which he was killed; the home of a very noted writer, Mrs. Southworth; the zoological park, where can be seen animals from all parts of the world.

We have quite a number of first class theatres, all of which have visited, and quite a number of beautiful churches.

I have worked while here in one of the largest stores, called the Boston House, which occupies a whole square each way, and has for sale everything that is for sale, with the exception of groceries. After leaving here I went to work for the American Federation of Labor, one of the largest organizations of the country.

The last place I visited of note and importance was Arlington National Cemetery, the home of Robert E. Lee and the burial place of all of our brave soldiers, both of the Civil War and the late Spanish-American War.

ARZANNA McQUEEN.

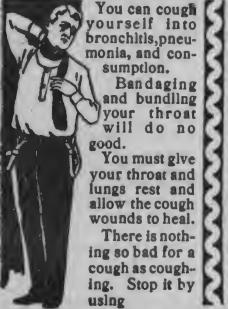

NIGHT WAS HER TERROR.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1 bottles of Dr. King's New Discovery wholly cured me and I gained 55 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1. Trial bottles free at J. W. Gayle's drug store.

RUMMAGE SALE.

The Ladies Committee of the Y. M. C. A. will have a sale (beginning March 11th), consisting of articles, old and rent, donated by all interested in the welfare of our city and her young men, of the present and the future. An attractive place will be had for the sale, and donations will be gladly received by the committee, which is composed of five ladies from each of the six churches especially interested.

THROAT REST

You can cough yourself into bronchitis, pneumonia, and consumption.

Bandaging and bundling your throat will do no good.

You must give your throat and lungs rest and allow the cough wounds to heal.

There is nothing so bad for a cough as coughing. Stop it by using

AYER'S CHERRY PECTORAL

Even the cough of early consumption is cured. And, later on, when the disease is firmly fixed, you can bring rest and comfort in every case.

A 25 cent bottle will cure new coughs and colds; the 50 cent size is better for settled coughs of bronchitis and weak lungs; the one dollar size is more economical for chronic cases and consumption. It's the size you should keep on hand.

"All families ought to be on the watch for sudden attacks of cough and colds, lung troubles. Every country home should have a supply of Cherry Pectoral constantly on hand to provide against an emergency."

To get a really good cup of coffee you'll have to start back of the actual making; you'll have to look to the roasting and the grinding. In ARBUCKLES' you have a coffee that's scientifically roasted, and delivered to you with all the pores of the berry hermetically sealed. You're sure of a good cup of coffee because all the coffee flavor and aroma are kept intact until you want it. The fame of ARBUCKLES' induced other coffee packers to put out imitations of it. These imitations cost the grocer (and you) a cent a pound less than ARBUCKLES'. But don't be tempted to buy a package of some other coffee when you can get

Arbuckles' Roasted Coffee

for it is actually less expensive than the cheap kind; goes further—besides being better flavored, more satisfying.

You will find a list of useful articles in each package of Arbuckles' Coffee. A definite part of one of these articles becomes yours when you buy the coffee. The only you select the article that you want on condition that you send to our Notion Department a certain number of signatures cut from the wrappers.
